Histoacryl™ Flexible

B BRAUN
SHARING EXPERTISE

Histoacryl™ Flexible has been designed to close and protect surgical wounds. Flexible tissue adhesion for closure of incisions up to 25cm.[1]

For easy assessment of the thickness of the layer which has been applied, Histoacryl™ Flexible is coloured blue.

Benefits:

- N-butyl-2-cyanoacrylate is an effective microbial barrier.[2,3]
- Significantly less pain than suture materials.[4]
- Saves time and costs as there's no need for local anaesthesia or a second visit to the doctor to remove.[5, 6, 7, 8]
- Cyanoacrylate based adhesives like Histoacryl™ Flexible yield excellent cosmetic results.[9, 10, 11, 12]

Histoacryl™ Flexible Product Information

Description	Code
5 ampoules of Histoacryl™ Flexible (0.5mL) and 5 tips per box	1051250P
