AESCULAP®

Titanium Ligation-Clips and Appliers

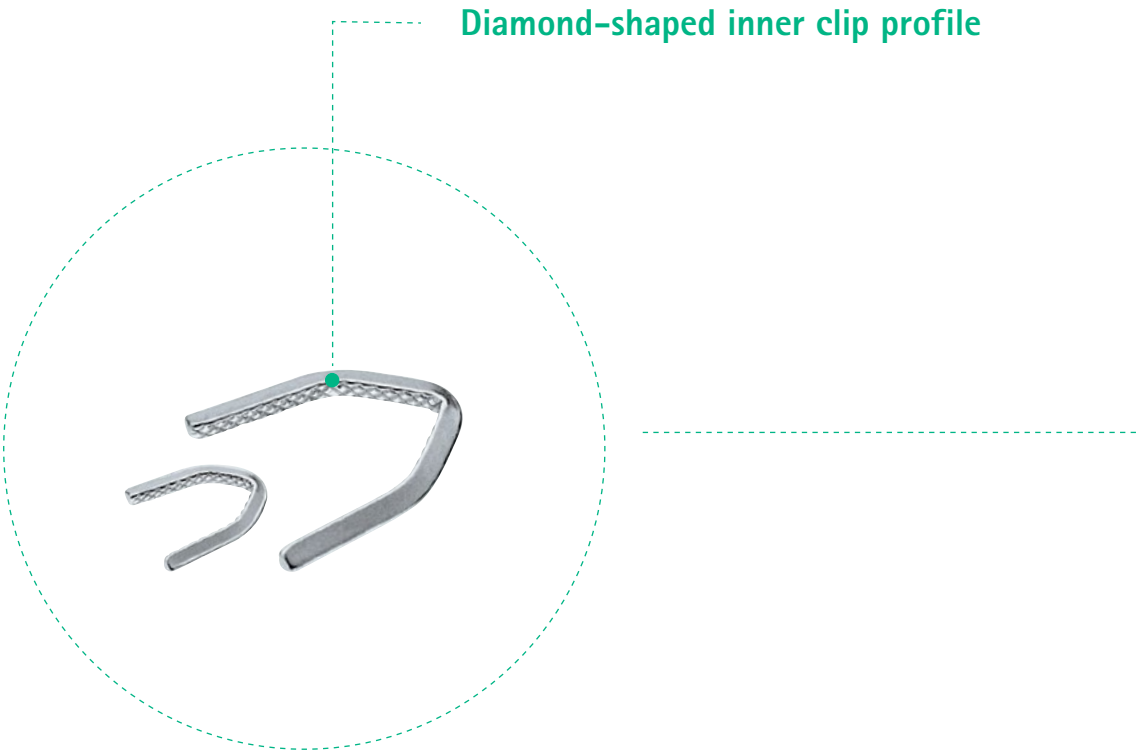
The Aesculap® clip appliers offer the following advantages:

- Narrow, delicate instrument tips enable an improved overview
- Color coding simplifies the identification of suitable clip appliers and cartridges
- Product variety - versatile application due to wide product portfolio
  -150 mm, 203 mm and 280 mm instrument lengths
  -25°, 65° and 90° jaw angulation

AESCULAP®

Titanium Ligation-Clips and Appliers



The clip appliers in conjunction with the proven Aesculap® Titanium Ligation-Clips, a reliable combination!

- Reliable vessel occlusion
- A diamond-shaped inner clip profile provides an enlarged contact surface
- The special closing characteristic of the clip allows a repositioning of the clip and reduces the risk of tissue slippage out of the clip
- Special soft load clip cartridge for easy clip release
- Indentations on the cartridge sides for a more reliable handling
- Adhesive surface at the cartridge back for precise fixation

Closing behavior of the clip
